

Remarks

Examiner will immediately see that the amendment to claim 1 adds no new matter. The use of *any* in line 10 makes it clear that receipt of the comment is a necessary but not necessarily sufficient condition for obtaining the CME credit. Since the amendment is in response to a requirement of form and is being made to permit filing of a request for a pre-appeal brief conference, it may be entered under 37 C.F.R. 1.116(b)(1) or (2).

Respectfully submitted,

/Gordon E. Nelson/
